Our Ref: Matter 24

E: 

Dear Sir/Madam,

REPRESENTATION TO LOCAL DEVELOPMENT PLAN (LDP) - LANDS AT DRUM ROAD, COOKSTOWN**MID ULSTER DISTRICT COUNCIL****MUPOP/221**

We write on behalf of our client Mr McGarrity, in relation to the Council's recently published draft Plan Strategy. This letter relates to the strategic theme of housing, and provides commentary on our client's lands to the west of the town at Drum road, Cookstown. We have also for completeness attached a copy of our client's representation to the Preferred Options Paper, which was given the reference number MUPOP/221 by the Council.

Growth Strategy and Spatial Planning Framework*Spatial Planning Framework*

We remain of the view that the framework elements SPF1 – SPF6 are in theory in accordance with the strategic direction of the RDS. However, the actual housing allocation figures articulated in Appendix 1 do not reflect a coherent strategy and in practice will not result in growth being focused within the three main towns nor will it result in a sustainable pattern of development in the countryside.

Rather, due to the equitable split of housing across the settlement hierarchy and countryside, and the very substantial over-subscribing of housing identified in large part due to existing committed developments, the proposed allocations will encourage a dispersed pattern of settlement and place undue pressure on the countryside from a landscape, environmental and infrastructure perspective.

The disconnect between the strategy and the figures in Appendix 1 is most stark in relation to the HGI. The HGI for Mid Ulster is identified as 11,000 houses pro-rata over the plan period to 2030. However, when the actual capacity of

settlements and equitable split of the HGI as identified in Appendix 1 is tallied with the 40% housing in the countryside it results in a total of 19,074 dwellings. This is over 170% of the HGI.

This creates fundamental tensions between the strategy and the proposed growth/allocation that are not grappled with in the draft Plan Strategy. This substantial over-allocation would not be sustainable as previously articulated as it provides such a generous spread of housing across the settlement hierarchy there is no mechanism to direct growth to the main towns.

Whilst SPF6 states that the countryside will not be subject to an allocation of the District's HGI, this is not the case in reality. Any dwelling constructed within the District boundaries during the Plan period counts towards housing growth, irrespective of how it is characterised. If 4,300 dwellings are built in the countryside during the plan period, this is 40% of the HGI allocation whether or not the Council chooses to call it such.

It is clear that there is a need for the Council to follow through on its strategy and make difficult decisions on where to reduce growth in order to genuinely seek to achieve sustainable patterns of development. In our view this must start with a significant reduction in housing allocated to the countryside, and that this must be delivered through the provision of more restrictive area-specific or district-wide rural housing policies.

Summary

We would respectfully request the Settlement Development Limit of Cookstown is reconciled to correlate with the site curtilage as the site currently extends modestly to the north and west of the extant SDL.

We would be grateful if the SDL could be updated to reflect the existing site curtilage.

I trust the above is helpful to the Council in progressing the draft Plan Strategy and look forward to further input as appropriate as the Plan progresses.

Yours Sincerely,

Conor Cochrane
Senior Planner

cc. Mr McGarrity

**Preferred Options Paper
Representation Form**

Ref:
Date Received:
(For official use only)

This form can be used to submit your representation to the Preferred Options Paper. Representations can also be made in writing or via email to the address detailed at the end of this form.

SECTION A

1. Personal Details 2. Agent Details

Title	Mr Kevin McGarrity	Clyde Shanks
First Name	C/O Agent	Matthew
Last Name	-	Doak
Job Title (where relevant)	-	Planner
Organisation (where relevant)	-	Clyde Shanks
Address Line 1	-	5 Oxford Street
Line 2	-	Belfast
Line 3	-	-
Line 4	-	-
Postcode	-	BT1 3LA
Telephone Number	-	[REDACTED]
Email Address	-	[REDACTED]

SECTION B

Your comments should be set out in full. This will help the Council understand the issues you raise to inform the preparation of the Local Development Plan.

2. To which part of the POP does your representation relate?
- (i) Page Number (s) – n/a
 - (ii) Subject (s) – Cookstown Town
 - (iii) Policy Ref (s) – n/a
 - (iv) Map Name (s) – Cookstown Settlement Development Limit

A. Introduction

Mr Kevin McGarrity owns/controls lands west of the town at Drum Road, Cookstown.

B. Purpose

Reconcile Cookstown SDL to correlate with site curtilage.

C. Settlement Matters

The site curtilage extends modestly to the north and west of the extant SDL.

D. Site Specific Matters

N/A
