

RENEWABLE ENGINE

COULD YOUR COMPANY BENEFIT FROM A DEDICATED PhD RESEARCHER?

The Renewable Engine project is holding briefing events to inform companies in the Energy, Manufacturing and Engineering sectors on how they can access industrial research support and technology development grants through the project.

WHY SHOULD YOU ATTEND?

Find out how your company can access

- ▶ A dedicated PhD researcher for a 3 year period supported by a specialist research team
- ▶ Financial grants of up to €85,000 to support your R&I activity
- ▶ Expert Advice, Research Support and use of World-Class Equipment
- ▶ Cross-border collaboration partnerships with Research Institutes and Enterprises to increase capacity for R&I activity
