

Introduction

Mid Ulster District Council has a statutory duty to screen its policies, procedures, practices/decisions. This Policy Screening Form and Report assists Council Departments to consider the likely equality and good relations impacts of the aforementioned, if any, placed upon our ratepayers, citizens, service users, staff and visitors to the district.

Section 1 – Policy scoping

This asks the Policy Author to provide details on the policy, procedure, practice and/or decision being screened and what available evidence you have gathered to help make an assessment of the likely impact on equality of opportunity and good relations. Reference to policy within this document refers to either of the aforementioned (policy, procedure, practice, and/ or decision).

Section 2 – Screening questions

This asks about the extent of the likely impact of the policy on groups of people within each of the Section 75 categories. Details of the groups consulted and the level of assessment of the likely impact. This includes consideration of multiple identity and issues.

Section 3 – Screening decision

This guides the Council to reach a screening decision as to whether or not there is a need to carry out an equality impact assessment (EQIA), or introduce measures to mitigate the likely impact, or the introduction of an alternative policy to better promote equality of opportunity.

Section 4 – Monitoring

This provides guidance to the Council on monitoring for adverse impact and broader monitoring.

Section 5 – Approval and authorisation

This verifies the Council's approval of a screening decision by a senior manager responsible for the policy.

Appendix A Screening Process

Section 1 Policy Scoping & Information

The first stage of the screening process involves scoping the policy under consideration which sets the context and confirms the aims and objectives for the policy being screened. Scoping the policy helps to identify constraints as well as opportunities and will help the policy author to work through the screening process on a step by step basis.

Section 2 – Screening Questions

In making a decision as to carry out an Equality Impact Assessment (EQIA), the Council should consider its answers to the questions 1- 3 detailed below.

If the Council's conclusion is **none** in respect of all of the Section 75 equality of opportunity categories, then the Council may decide to screen the policy out. If a policy is 'screened out' as having no relevance to equality of opportunity, the Council should give details of the reasons for the decision taken.

If the Council's conclusion is **major** in respect of one or more of the Section 75 equality of opportunity, then consideration should be given to subjecting the policy to the equality impact assessment procedure.

If the Council's conclusion is **minor** in respect of one or more of the Section 75 equality categories, then consideration should still be given to proceeding with an equality impact assessment, or to:

- measures to mitigate the adverse impact; or
- the introduction of an alternative policy to better promote equality of opportunity.

In favour of a 'major' impact

- a) The policy is significant in terms of its strategic importance;
- b) Potential equality impacts are unknown, because, for example, there is insufficient data upon which to make an assessment or because they are complex, and it would be appropriate to conduct an equality impact assessment in order to better assess them;
- c) Potential equality impacts are likely to be adverse or are likely to be experienced disproportionately by groups of people including those who are marginalised or disadvantaged;
- d) Further assessment offers a valuable way to examine the evidence and develop recommendations in respect of a policy about which there are concerns amongst affected individuals and representative groups, for example in respect of multiple identities;
- e) The policy is likely to be challenged by way of judicial review;
- f) The policy is significant in terms of expenditure.

In favour of 'minor' impact

- a) The policy is not unlawfully discriminatory and any residual potential impacts on people are judged to be negligible;
- b) The policy, or certain proposals within it, are potentially unlawfully discriminatory, but this possibility can readily and easily be eliminated by making appropriate changes to the policy or by adopting appropriate mitigating measures;
- c) Any asymmetrical equality impacts caused by the policy are intentional because they are specifically designed to promote equality of opportunity for particular groups of disadvantaged people;
- d) By amending the policy there are better opportunities to better promote equality of opportunity.

In favour of none

- a) The policy has no relevance to equality of opportunity.
- b) The policy is purely technical in nature and will have no bearing in terms of its likely impact on equality of opportunity for people within the equality categories.

Marital status		No-there are no anticipated adverse impacts for this Section 75 category
Sexual orientation		No-there are no anticipated adverse impacts for this Section 75 category
Men and women generally		No-there are no anticipated adverse impacts for this Section 75 category
Disability	Council can ensure that any diversionary activities, provision of advice and guidance, support and training is a made accessible to people disabilities.	
Dependants		No-there are no anticipated adverse impacts for this Section 75 category

3. Are there opportunities without prejudice, to the equality of opportunity duty, to better promote good relations between Section 75 equality categories, through tackling prejudice and/ or promoting understanding? (Yes/ No)

	No	✓
	Yes	
If yes, please detail the opportunities below:		

If yes is concluded to Question 3, then the policy will be referred to the Council's Good Relations Working Group for consideration. The Group will consider the potential opportunities and assess if and how the overall impact of a decision/policy can better promote good relations.

Additional Considerations - Multiple identity

Generally speaking, people can fall into more than one Section 75 category. Taking this into consideration, are there any potential impacts of the policy/decision on people with multiple identities? *(For example; disabled minority ethnic people; disabled women; young Protestant men; and young lesbians, gay and bisexual people).*

None

Provide details of data on the impact of the policy on people with multiple identities. Specify relevant Section 75 categories concerned.

N/A

Section 3 – Screening Decision

In light of answers provided to the questions within Section 3 select one of the following with regards the policy:

		Select One
1	Shall not be subject to an EQIA - <i>with no mitigating measures required</i>	✓
2	Shall not be subject to an EQIA - <i>mitigating measures/ alternative policies introduced</i>	
3	Shall be subject to an EQIA	

If 1 or 2 above (i.e. not to be subject to an EQIA) please provide details of reasons why.

In this instance it is recommended not to proceed with conducting an equality impact assessment on this policy.

This policy outlines regulations in relation to bonfires held on Council property. However the policy also recognises that some community celebration and cultural tradition may be characterised by celebratory bonfires. Therefore Council is taking a long term action based approach and demonstrating a commitment to working with communities and agencies in order to address the potential environmental and health and safety impacts.

If 2 above (i.e. not to subject to an EQIA) in what ways can adverse impacts attaching to the policy be mitigated or an alternative policy be introduced.

If 3 above (i.e. shall be subject to an EQIA), please provide details of the reasons.

Mitigation

When it is concluded that the likely impact is 'minor' and an equality impact assessment is not to be conducted, you may consider mitigation to lessen the severity of any equality impact, or the introduction of an alternative policy to better promote equality of opportunity.

Can the policy/decision be amended or changed or an alternative policy introduced to better promote equality of opportunity?

If so, give the **reasons** to support your decision, together with the proposed changes/amendments or alternative policy:

The introduction of mitigating measures may be required following monitoring of the policy.

Timetabling and prioritising

If the policy has been screened in for equality impact assessment, please answer the below to determine its priority for timetabling the equality impact assessment.

- **On a scale of 1-3 (1 being lowest priority and 3 being highest), assess the policy in terms of its priority for equality impact assessment.**

Priority criterion	Rating (1-3)
Effect on equality of opportunity	
Social need	
Effect on people's daily lives
