Community Life & Inclusion A Place for Everyone

Cookstown Your Place Your Plan

WHAT'S IT ABOUT ?

Community Life & Inclusion ensures that Cookstown remains a welcoming, inclusive town for everyone - across ages, abilities, cultures and identities. Cookstown's story is reflected in the rich diversity of people who call it home. The town's strong sense of community and tradition of hospitality are key strengths, yet engagement revealed a desire for more spaces, voices, and opportunities that bring people together. By creating safe, accessible places for connection, amplifying voices that are not always heard, and celebrating the diversity that enriches local life, Cookstown can place community at the heart of its future, building a town where everyone can be seen, valued, and play a part of the town's unfolding story.
