## **Section 1 Introduction**

### **1.1 Background to Grant Programme**

The Tackling Rural Poverty and Social Isolation Programme's (TRPSI) Rural Business Development Grant Scheme aims to support the sustainability, recovery and development of micro rural businesses across Northern Ireland by providing a small capital grant for the business. The TRPSI Programme is funded by the Department of Agriculture, Environment and Rural Affairs, and this grant Programme is administered and managed by local Councils.

### **1.2 Level of Grant Aid**

The Scheme can provide funding of up to 50% of costs for capital items up to a maximum of £4,999. The minimum grant awarded will be £500. The total cost of the capital project must be a minimum of £1,000 and must not exceed £20,000. Applicants must provide the remaining match funding towards the project.

This is a competitive process and all grants awarded will be determined on the base of merit.

### **1.3 Who Can Apply?**

Grants are available to support the recovery, sustainability and development of existing micro businesses based in rural areas who have not previously received funding under the TRPSI Rural Business Development Scheme, which was administered by local Councils during 2019-20 and 2020-21.

You can apply for a Rural Business Development Grant if:

- The business is based in a rural area of Northern Ireland. A rural area is defined as an area with a population of less than 5,000 residents, plus the areas of Strathfoyle, Newbuildings and Culmore in Derry/Londonderry Urban Area (OUA) and Milltown, Helens Bay, Crawfordsburn and Groomsport in the Belfast Metropolitan Urban Area (BMUA). If you are unsure if you are in an eligible rural area, please contact your local Council office before submitting your application.
- You are an existing, registered private Business or Social Economy Enterprise that is actively trading commercially; evidenced by providing your self-assessment number or Limited Company details and sales turnover details.
- You have not previously received funding under the TRPSI Rural Business Development Scheme in 2019-20 or 2020-21.
- Your business currently employs less than 10 full-time equivalent employees (based on full time 30 hours per week and part time at least 16 hours per week).  
\*Full-time employee must work at least 30 hours per week. Part-time employees must work at least 16 hours per week.
- You are appropriately insured or prepared to obtain appropriate insurance if awarded a grant (building, contents or public liability insurance as appropriate). No evidence of this is required at application stage, but you will be asked to confirm insurance cover at grant claim stage and provide it should your claim be selected for an audit check.
- You have a dedicated bank account used by the business. No evidence of this is required at application stage, but you must confirm you have this as part of your application declaration.

- You can provide a detailed specification and two 'like for like' quotations for each item to be purchased which meet the guidance stated in section 1.7.
- You can complete your project before **17 December 2021**. It is anticipated that grant offers will be made in October 2021. Your project cannot commence until you receive a formal offer of funding. Projects must be completed by **17 December 2021**, with all works completed, onsite, paid and through the bank account by this date.
- You are aged 18 or above at the application deadline. You may be asked to provide evidence of this at some point in the assessment process, if you are awarded a Letter of Offer.
- Only one application can be accepted per business/ legal entity.
- Sports Clubs and Community Groups can only be considered if they are commercially trading and generate sales revenue from selling goods and services to customers who are not exclusively Club or Community Group members. The grant can only be used to support the sustainability, survival and/or development of this commercial element, and not for the club or community group on its own. Projects that can be supported from other funding sources, such as Sport NI, are not eligible to be considered under this scheme.

#### **1.4 Who Cannot Apply?**

## 1.7 What should I submit with my application?

Your application form must be fully completed and submitted as one complete document to your local Council office **electronically** as described in Appendix 1 with your supporting procurement documentation:

1. A detailed specification for **each item** you are applying for.
2. A minimum of 2 quotes/price-checks for **each item** you are applying for.

Total Estimated Cost per Item	Action & Minimum Number
Up to £5,000	At least 2 price-checks per item from <u>different</u> suppliers / internet quotations
£5,001 - £20,000	At least 2 Written Quotes per item from <u>different</u> suppliers (internet quotes cannot be used)

### **Procurement Guidance**

- A detailed specification should be prepared for each item to include delivery, installation costs if applicable. This is a detailed description of the design and/or materials used to make something or the minimum standard of workmanship and materials required to meet your needs. All suppliers invited to quote should be issued with the specification, and email evidence of this may be required, for example copy of email sent to supplier.
- Where it is possible to purchase items from the same supplier, you should group these items into the same specification.
- At least 2 quotes from 2 separate suppliers should be sought for each item. You or a business that you are an owner/partner/director of, are excluded from quoting for the supply of goods, services or works to a project that you may be offered funding for.
- If quotations are being sought or provided from any member of your family or extended family then the relationship must be advised in writing to the Council prior to any procurement activity and evidence provided within the procurement documentation. In these cases, you are required to provide 3 quotes i.e. two independent quotes in addition to the family member quote to provide sufficient comparison of costs under the reasonableness of costs rules within the scheme.
- Quotes should be 'like-for-like', particularly where items are specific e.g. laptop / IT / machinery etc. Quotations for the same make and model of products are acceptable and should be obtained where possible. Both quotations must meet the specification provided and demonstrate 'like for like' comparison in order to verify value for money.
- Ensure that all costs are quoted and accounted for, eg delivery and installation costs should be part of the quote.
- Email quotes are acceptable and the covering email from suppliers must be provided.
- Quotes must be dated prior to close of call and contain the supplier's name.
- Internet quotes must be sent with your application if this is the procurement method used for items under £5,000. These can be printed and scanned in or saved as screen prints. The supplier, web address and cost should be clearly visible from print outs provided. **Do not** simply list website addresses/ provide links to websites as we **will not** check these. Please clarify if the costs provided are inclusive or exclusive of VAT.
- If VAT is applicable to the items quoted, this should be clearly noted on the quotations to establish total project costs.
- The lowest quotation should be selected with corresponding costs detailed on the application form. Successful applicants will be paid funding on 50% of the procurement submitted, or of the final price of the item – whichever is the lowest

amount. Any price increases between procurement and point of purchase must be borne by the applicant.

- Details of the quotes received must be listed in section 4 of the application form.
- Quotes in other currencies should be compared using the rate of exchange through [www.x-rates.com](http://www.x-rates.com).
- The cost of procurement for a capital item or an e-commerce website **must be calculated as the total cost of the item**. Procurement must be undertaken for complete items and not be split into individual components or phases of work. For example: A single procurement exercise should be undertaken for the build of a specialist computer to a particular specification. Procurement of individual components e.g. motherboard is not permitted.
- All Quotations must be submitted at the time of application. These must be sent as attachments and clearly labelled. Links to electronic file storage services such as iCloud or dropbox are not acceptable.
- The copies of the quotations **must** be of readable condition.

**Please note:** Council officers, DAERA officers and Programme auditors may contact suppliers of quotations and / or invoices to verify that the quotation / invoice has been provided to the applicant as part of audit checks at application and grant claim stage. Any quotation / invoice that cannot be verified by the supplier, will be passed to DAERA Fraud Department for further investigation.

Applicants who score above 65 marks, but who do not score high enough to be awarded funding due to lack of available funding will be notified of this.

### **3.4 How decisions are made**

When the scores are finalised, the applications may be presented to your local Council.

Successful/unsuccessful applicants will be notified at this stage.

### **3.5 What happens if an application is successful?**

If an application is successful, Council will issue an electronic Letter of Offer which is a legal agreement with the business to deliver on the proposals outlined in their application form.

Signed Letters of Offer must be returned by email within **14 working days of receipt**. You must use the same email address to return the Letter of Offer as was used to submit your application form.

If successful, businesses **must** attend a Letter of Offer workshop which will explain the processes and procedures that relate to Programme monitoring, submitting a financial claim, requesting changes, promoting DAERA's support for the Programme, monitoring and evaluation requirements and the process of verification. Depending on government restrictions in place at the time, this workshop may be delivered remotely (eg via Zoom or another online meeting platform).

This grant funding scheme is retrospective and therefore costs will only be reimbursed once items are purchased, paid in full and a grant claim submitted and processed. Applicants will have to provide invoices and show evidence of payment of invoices through their bank account as part of the claim process. Items should be paid through the bank account which is registered to receive grant funding. Invoices in another currency should be claimed in sterling and backed up by the rate of exchange, date of exchange and name of bank used to provide the rate of exchange.

**Hire purchase arrangements and cash payments cannot be accepted.** Online payments made by **credit card, must** have the full project item cost (not only the grant element) cleared in full through the nominated bank account by the project end date of no later than **17 December 2021**. The grant claim form and supporting documents must be submitted using the same email address from which the application form and Letter of Offer was submitted from.

**Projects must be complete, paid in full and cleared the bank account by 17 December 2021 or the project will be deemed ineligible and no grant payment will be made.**

Grant claims, including invoices and bank statements, must be submitted to your local Council via email by **14 January 2022**.

**Please note:** Council officers, DAERA officers and Programme auditors may contact suppliers of quotations and/or invoices to verify that the quotation / invoice has been provided to the applicant and payment received by the supplier, as part of the audit checks at application and grant claim stage. Any quotation / invoice that cannot be verified by the supplier, will be passed to DAERA Fraud Department for further investigation.

Businesses are required to provide information on the impact of their project on project completion. You are required to submit photographic evidence with your claim and officers from your local Council, DAERA or audit officials may arrange post project visits to verify spend and discuss the monitoring information with the businesses that were funded.

### **3.6 What happens if an application is unsuccessful?**

If an application is not successful, officers from the Council discuss the application and provide practical developmental support to address areas of concern.

An Appeals Process/Review Procedure is also available if an application is unsuccessful. The purpose of this is to ensure that the decisions taken and procedures followed for individual applications are applied fairly and consistently.

The Review will provide an independent process through which an applicant will have the opportunity to submit information to the Review Panel indicating that either:

- the outcome was unreasonable or;
- the proper procedures were not followed.

Appeals on any other grounds will not be considered.

### **3.7 Grant Application Assessment Schedule**

Step 2	Applications are submitted to your local Council

Step 5	Letters of Offer are returned within 14 days
Step 6	Projects are completed and paid in full by applicant
Step 7	Grant claim is submitted to local Council for processing
Step 8	Grant payment is made directly to applicant

### **3.8 Application Process**

All applications for financial assistance should be submitted to your local Council as outlined in Appendix 1.

## **Appendix 2 - Additional Information for Applicants**

### **1. Publication of Data**

If your application is successful and your project is awarded funding, please note that DAERA may publicise details of all financial support awarded/paid out to beneficiaries. This will include the name of the beneficiary, their postal town, their post code and the total amount of financial support received by the beneficiary from the Department of Agriculture, Environment and Rural Affairs.

Details of all applications (successful and unsuccessful) will be submitted to your local Council and applicant details will be published as part of the Council report, which are accessible to the public.

### **2. Data Protection Act**

- We will use the information you give us on the application form during assessment and for the life of any grant we award you to administer and analyse grants and for our own research.
- All information submitted in your application form, supporting documentation and any future claim will be made available to the funding organisation, the Department of Agriculture, Environment and Rural Affairs, and the administrative organisation – your local Council.
- We may give copies of this information to individuals and organisations we consult when assessing applications, when monitoring grants and evaluating the way our funding programmes work and the effect they have. These organisations may include accountants, external evaluators, external auditors and other organisations or groups involved in delivering the project.
- We may also share information with other government departments, including Invest Northern Ireland, organisations providing match funding and other organisations and individuals with a legitimate interest in applications and grants, or for the prevention or detection of fraud.
- We might use the data you provide for our own research. We recognise the need to maintain the confidentiality of vulnerable groups and their details will not be made public in any way, except as required by law.

### **3 Freedom of Information Act**

The Freedom of Information Act 2000 gives members of the public the right to request any information that we hold, subject to certain exemption that may apply. This includes information received from third parties, such as, although not limited to, grant applicants, grant holders and contractors. If information is requested under the Freedom of Information Act we will release it, subject to exemptions; although we may consult with you first. If you think that information you are providing may be exempt from release if requested, you should let us know when you apply. For further information please visit the Information Commissioner's Office at [www.ico.gov.uk](http://www.ico.gov.uk)

### **4 Equality Considerations**

#### **Section 75 of the Northern Ireland Act (1998) and Equality Monitoring**

Under Section 75 of the Northern Ireland Act (1998) DAERA has a statutory obligation to promote equality of opportunity between: persons of different religious belief, political opinion, racial group, age, marital status or sexual orientation; men and women; persons with a disability and persons without; and persons with dependants and persons without.

The Act also requires DAERA to take into account the promotion of good relations between persons of different religious belief, political opinion or racial group.

To meet its statutory obligations, DAERA has to continuously monitor and assess the equality uptake and outcomes of its policies and programmes, to determine if there are any adverse effects or consequences. And if there are, to look at ways to lessen these.

This equality monitoring is done through the completion of an equality monitoring on-line questionnaire by project beneficiaries once the funding has been awarded. DAERA is legally required to conduct this monitoring, but it is voluntary for beneficiaries to complete the questionnaire, which will be anonymous and confidential.

The information collected will only be used for Equality Monitoring purposes and in compliance with The Data Protection Act. The details on this form will not be used in the decision to award funding to any person/group who applies to the Scheme, nor will this form be linked in any way to details of individual participants.

All beneficiaries are encouraged to complete the form as it will greatly help DAERA comply with its statutory duty and in its assessment of the equality uptake and outcomes of the Scheme across different groups of people.

- 5 General Data Protection Regulations (GDPR)** - When you apply for Rural Business Development Capital Grant Scheme we will ask for some personal information because, for example, your personal email address or telephone number is used on the applicant organisation's behalf. When you provide this information it is processed in adherence with the GDPR, Data Protection Act 2018 as well as the scheme's Terms and Conditions to enable us to communicate with you about the application.

DAERA and our delivery agents take data protection and freedom of information issues seriously. We take care to ensure that any personal information supplied is dealt with in a way which complies with the requirements of the Data Protection Act 2018 and the General Data Protection Regulation. This means that any personal information you supply will be processed principally for the purpose for which it has been provided. However, DAERA may also use it for other legitimate purposes in line with the Data Protection Act 2018 and Freedom of Information legislation. These include:

- Occupational health and welfare;
- Compilation of statistics;
- Disclosure to other organisations when required by law to do so;
- Disclosure under the Freedom of Information Act 2000 or the Environmental Information Regulations 2004 where such disclosure is in the public interest;
- The prevention and detection of fraud or maladministration (e.g. The Comptroller & Auditor General and HM Revenue & Customs).
