Dear Sir/Madam

I wish to make representation regarding the Mid Ulster Local Development plan 2030-Draft plan strategy. In particular I refer to page 53 of the booklet with regards to Zone D Econ 7. This location is somewhere I would definitely relocate my business to if industrial lands become available. I currently operate a manufacturing business in the Carrickmore area however i am keen to move to the Dungannon area to gain better access to economic infrastructure.

Yours faithfully

Fergal Gormley
